

JUNIORS PRIVATE LESSONS

At Beach City Tennis Academy you can expect exceptional instruction combined with uncompromised value when it comes to taking Private Lessons. As a family style Tennis Academy, we work with our students one on one in a variety of ways to meet the individual needs and budgets.

Whether you are seeking a 1 hour lesson or a 30 minute lesson, we offer classes once a week and twice a week depending upon our students' commitment and ability. If one of our six locations does not meet your needs, we also travel to your private Tennis Court.

Students will start each Private Lessons with a warm up drill followed by stroke analysis and diagnosis. Drills and games will be included with a rally at the end of each lesson to allow students to practice their new strokes so they can continue to advance their progressions moving forward. Each class will build upon what was learned in the previous class to enable students to become stronger players with cleaner strokes, hence advancing in their NTRP rankings in time.

Homework will be assigned at the end of each lesson that students can focus on between their Private Lessons. Leagues, Clinics, and other group lessons are also encouraged to ensure students are practicing strokes in a live ball setting to help them grasp techniques with more fluidity.

Private Lessons are essential for beginners who are new to the sport to develop skills without compromising bad habits that will need to be fixed later. Private lessons are applicable to all ages and are catered individually to the student to allow them to advance at their own pace.

Beach City Tennis Academy promotes a safe and healthy way for students to learn to improve their game in a private setting void of distractions that usually exist in most group clinics. There is simply no better way to develop and fast track a student than Private Lessons.
