

FAMILY TENNIS CLINICS (10 AND UNDER)

The Beach City Tennis Academy Family Tennis program was developed by our partners at the Tennis Industry Association. The goal is to promote the growth and economic vitality of tennis by working closely with our industry partners. These partners are the USTA, PTR, USPTA, and TIA and each of our sponsors, HEAD, PENN, Solinco, and Loriet. The program is designed to increase beginner tennis participation in the United States through instructional programs and activities where parents and children can participate together.

New players will learn with an easy and fast method. The use of the low compression balls and shorter courts make the first time experience positive and lays the foundation for proper skill development. This makes tennis an activity the whole family can play together. Tennis is the best overall form of exercise and can be played for a lifetime whether on a social level or competitive level.

The only requirement is that each family needs at least one parent/guardian and at least one child between the ages 5-10 years old. The BCT Family Tennis program is offered year round, and are also great for special events such as parties, re unions, family bonding, birthdays, or no reason at all other than for fun.
