

PEE WEE CLINICS

Introduce tennis to your 4-6 years old, with our fun and exciting approach! In our Pee Wee clinics your up-and-coming tennis players develop hand-eye coordination along with movement skills. Students grow comfortable with the age-appropriate equipment and learn the parts of the tennis court. Basic tennis fundamentals and shots are taught through lots of tennis-like games!

The clinics assume no previous tennis experience. Has your Pee Wee taken tennis with us in our Red Ball classes? Is she or he ready to take the next step, but not old enough to be in our Youth Beginner classes? This Clinic will develop their tennis fundamentals and strokes even more, in hopes to get them hitting a continuous rally over the net. We will teach your child an understanding of the forehand, backhand, and volley. They will be able to properly complete their swing, and be able to hit a ball over the net.

Children will get plenty of exercise through a series of drills and games are an essential part of these clinics. Players get a chance to work together in a team fashion as opposed to competing against one another. The format is designed to build confidence in their skills while learning sportsmanship in a peer environment.
