

## JUNIOR BEGINNER DAY CAMPS

Beach City Tennis Academy offers a Beginner camps designed for ages 11-14. The camps will introduce students to stroke production and consistency, ball repetition, and shot placement through drill and point play games. Students will use standard yellow balls on a standard sized court and begin learning to rally from the baseline.

The goal of the camp is to introduce tennis to students who have little or no former tennis experience. At the end of the week students will be able to demonstrate better ball control, topspin, forehand, backhand, volley net play, beginner serves, and footwork. The benefits of the BCT Academy Junior Beginner camps give students more confidence with the sport in hopes of continuing to advance and perfect their tennis skills using proper technique.

The BCT Academy Tennis Camp ratios are 4-6 students to each coach, so students get the benefit of more individualized attention which increases their skills quicker. All Tennis Camps at Beach City Tennis Academy are co-ed. This camp is taught in a fun, safe, and pressure-free environment where students will build friendships with other players.

The camps are one week long and run 1 hour in length each day. Parents and/or guardians are expected to arrange transportation to and from the tennis courts each day. The BCT Academy camps are very popular so wait lists are maintained year-round and once a camp has reached the minimum number of registrars, parents will be contacted with camp details and students will be confirmed accordingly.
